

eCompliance Releases Complimentary Hurricane Relief Checklist to Keep Impacted Safe

TORONTO, ON, September 1, 2020 – eCompliance, the number one mobile safety software solution, releases a Complimentary Post-Hurricane Relief Checklist for both business and home in addition to In-App Forms for eCompliance customers. The Complimentary Post-Hurricane Relief Checklist will allow both businesses and families to ensure all safety measures are assessed properly before returning home, or to work. These forms will provide anyone impacted by Hurricane Laura with an easy-to-use checklist to ensure the safety of their family and friends - at home or at work:

- **Home Post-Hurricane Relief Checklist includes:**
 - Home entry
 - Utilities (Gas and Electric)
 - Seepage and/or Sewer Back-up
 - Social Services
 - Food
 - Medication
 - Pets
 - Family and Friends

- **Business Post-Hurricane Relief Checklist includes:**
 - Building and worksite entry
 - Utilities (Gas and electric)
 - Seepage and/or Sewer Back-up
 - Food and Water
 - Employee Communication and Resources

“Our set of Post-Hurricane Relief Assessment Forms in eCompliance was our priority on the onset of hearing how detrimental the aftermath was on our customers,” says Harish Pandian, Director of Product. “As a team, we bound together in a matter of hours to create an in-app assessment form for users to have available to keep their worksites and team members safe. This has always been our core value and mission and we continue to live by this every day, no matter what natural disaster comes our way.”

The Post-Hurricane Relief Assessment Form is available within eCompliance to all customers using the eCompliance platform, free of cost. Users are not required to update the mobile app as it will be automatically added to each of the end-users logins.

“Although the devastation of Hurricane Laura was thankfully less extreme than first feared, many families are returning to homes and businesses that may be severely damaged and unsafe,” says Adrian Bartha, North American President of Alcumus and Founder of eCompliance. “Some of us Safety Nerds have put together a Post-Hurricane Assessment Checklist to remind those returning to work of some simple controls to counter the hazards lurking as you return. While not exhaustive, it provides some basics which apply to both homes and businesses. Our team stands by to help in any way so please reach out anytime. Keep safe out there.”

The Business and Home Post-Hurricane Relief Assessment Checklist is available for download in PDF format for all businesses and families in affected areas.
