eCompliance and TIMBER MART Partner to Provide an Enhanced Safety Software for the TIMBER MART Essentials Program

TORONTO, ON, October 26, 2020 – eCompliance, the number one mobile safety software solution, has partnered with TIMBER MART to assist in providing members with its enhanced safety software to efficiently manage safety and eliminate workplace incidents. TIMBER MART is the largest national member-owned buying group in Canada with hundreds of members including independent building-material and hardware retailers.

"Partnering with TIMBER MART and their Essentials Program means we have the opportunity to protect more front-line workers across North America," says Tyler Davey, North American CEO, Alcumus. "Putting our safety software in the hands of those who truly need it most is our top priority and we're excited to be sparking change alongside the forward-thinking team at TIMBER MART. I can say, without a doubt, this is only the beginning."

This partnership is a testament to eCompliance and its mission to eliminate 1 million workplace incidents by the end of 2020. By joining forces, members can gain a 360-view of safety, receive access to real-time data, eliminate pen and paper, increase efficiency, and most importantly, improve safety and reduce workplace incidents.

"We are very excited to be working with eCompliance as it was a natural fit to help our members take their companies, and safety programs, to the next level, says Kurt Norlen, National Procurement Manager, TIMBER MART. "Having eCompliance join our roster of amazing resources only helps provide the best possible solutions for our

members. With their safety software abilities and being front-line worker focused, it was a natural fit. This partnership will provide a safety software solution to put their team first, always."
